Physics 231a Course Update 10 Sept 2007

• Reading Assignment Chapter 23(§1-4).
  – Please read section 5, though you will not be responsible for 3D
    vector calculus.

• The second problem set is now on line. This problem set
  will be due at 0800h on Mon 17 September.
    – Please note that there may be an error on some versions of
      problems 4&5. Values for the equipotentials should be in
      kilovolts.

• The First Hour Exam will be held during the Wed Sept 19
  class meeting. The exam will cover course material covered
  in Chapters 21 and 22
