• Chapter 30(§1-7), 31(§1-6)

• The 8th problem set is now on line and will be due at 0800h on Mon. 19 Nov.

• There will be two additional problems assigned for a total of 10 sets. As noted in the syllabus. The two lowest homework scores will be automatically dropped before averaging.

The lecture on Wed, 21 November (the day before the Thanksgiving Break) will be totally optional.

There will be no formal lecture and no new material will be discussed.

Dr. Greene will be present, but the class meeting will be devoted only to review question if any. The class session will only last as long as there is interest.
