1. Course: Phys 611, Advanced Quantum Mechanics
2. Instructor: J. H. Macek (substitute-J. B. Sternberg)
3. Time and place: MWF 10:10 - 11:00, Room 512 in the Nielsen physics building.
4. Text: Quantum Field Theory by Franz Mandl and Graham Shaw (Wiley)
5. Grading: Weekly homework will be assigned and graded. Homework is due one week from when it is assigned. One midterm exam will be given. No final exam will be given. Course grades will be based on homework and midterm exam. (50% homework, 50% midterm).
