

Syllabus Physics 221

•Class structure:

Lectures in 415: – 3 times per week during usual time. Will be dedicated to discussions of concepts, demonstrations, and quick tests with “clickers”

•Recitation: Ones per week with your lab T.A. Will focus to problem solving

•Labs: Ones per week. Dedicated to gain hands on experience with phenomena under study.

•Home Works: Two per chapter. One before we start to discuss chapter in a class and one after.

•Tests: there will be three in-class tests during semester and one final. Two best out of three results from-in class tests will be logged in.

Students are responsible for their own learning. Students are required to read a chapter in the textbook before we start to cover it in class.

•Textbook:

COLLEGE PHYSICS Serway/Vuille, Ninth Edition

For announcements check the [Class Pages on Blackboard](#) regularly.

If you need course adaptations or accommodations because of a documented disability, please contact the Office of Disability Services (ODS). This will ensure that you are properly registered for the services provided by ODS.
